

Gaming Companies in Brazil — Compliance Checklist

Operational checklist for foreign gaming studios, publishers and live-service operators serving Brazilian players.

Player-Facing Operations

- Designate a Brazilian legal representative.
- Publish a contact channel for notifications and player-safety requests.
- Document age-appropriate measures for products accessible to minors.

Content & Moderation

- Maintain documented moderation rules for chat, UGC and social features.
- Maintain procedures for cooperation with judicial and regulatory notices.
- Define escalation procedures for urgent child-safety requests.

Commercial & Platform

- Review storefront, payment, and consumer-protection touchpoints.
- Document the relationship with Brazilian platform partners and distributors.
- Maintain records demonstrating compliance posture.
